

N84 SKIN

SEOUL · KOREA

PRODUCT CATALOG

A top-down view of a desk with a notebook, pen, and plant. The notebook is open, showing handwritten text in cursive. A wooden pen lies on the right page. A small green plant with round leaves is placed on the right page. The background is a light-colored, textured surface.

Our Story

From reselling Korean skincare to building our own brand

N84 SKIN began long before the brand had a name. For years, we worked on the other side of beauty — sourcing and reselling a wide range of skincare brands, learning first-hand what women actually wanted from their routines, what disappointed them, and what real, honest skincare should feel like.

That experience became the foundation for something new. In 2022, in Incheon, Korea, we set out to build a brand of our own — one rooted not in trends, but in formulation integrity, transparency, and results. N84 SKIN was created to bring considered, effective Korean skincare to the world, starting with a small, focused line: a deeply hydrating cream, a PDRN caffeine serum, and a botanical scalp shampoo.

Every formula is developed with intention — fragrance-free where it matters, patch-tested for sensitive skin, and built around actives we can stand behind.

Deep Hydration Cream

50 ML - 1.69 FL. OZ.

A rich, water-based moisturizer built around a multi-weight hyaluronic acid complex and soothing botanicals — designed to restore comfort to dry, dehydrated, and sensitive skin without heaviness. Fragrance-free and dermatologically evaluated.

FRAGRANCE-FREE

IRRITATION TEST COMPLETED

DERMATOLOGICALLY EVALUATED
